

Les Paul Custom Chambered Blackout

Lightweight, powerful, and bold as hell.

Powerful active pickups pair well with the bold, aggressive style of this limited-edition Les Paul Custom Chambered Blackout, which features blacked-out pearl inlays, black binding and black hardware as well as premium sonic upgrades. The contrast of the exotic car-inspired colors and black appointments accentuate the Les Paul profile to its minimalist, pop-art form while the blistering EMG humbucker set ensure this is a guitar meant to be heard as well as seen. And unlike the nine-hole weight relief of a traditional Les Paul Custom, the chambered body provides even more weight relief while adding sonic warmth and depth. It's a statement piece Les Paul around which you can craft your sound -- and your look!
