

SG Flying Eagle

So exotic, yet so familiar.

This highly-customized boutique-style SG draws inspiration from the beautiful Gibson banjo inlays used a century ago, specifically the “Flying Eagle” pattern. It also makes use of the bevy of elegant exotic woods sourced by Gibson Custom Shop, including a gorgeous figured Koa top, a five-piece figured maple/walnut neck and a solid dark Ebony fingerboard. Three powerful uncovered Custombuckers complete the look and add all the sonic versatility and punch needed to pair with the treasured solid tonewoods used.
